Security and comfort in your hotel

**OMNitec**   
Think Safe

think safe

## think forward

Quality that guarantees customer satisfaction

OMNITEC SYSTEMS has accumulated an experience of more than 25 years developing, manufacturing and commercializing Electronic Locks, Safes and Minibars. Today, OMNITEC is one of the **most recognized brands in the HOSPITALITY sector**, with a guarantee of quality and service on the 5 continents.

A highly specialized team in all areas and a totally market-oriented focus have made it possible for OMNITEC SYSTEMS to develop solutions for security and comfort. By connecting this team with the logistics centres in Europe, America and Asia, today we are able to be present in more than 10,000 hotels around the world, including the most prestigious international hotel chains.

Leaps in quality and specialization do not occur by chance. A continuous investment in R+D, guaranteed by our knowledge of the market, has led to OMNITEC SYSTEMS being at the forefront of the sector.

We invite you to know the numerous options of OMNITEC safes and we are sure that among them, you will find the one that fits your needs, whatever they may be.

Systems

Exo • Protect • Supra • Safeguard M-Plus • Safeguard

Different systems for opening and management for hotels of all categories, from the most technologically advanced to the most functional.

## OMNITEC Safes

- **Versatility:** combining its formats, sizes and technologies, OMNITEC offers a wide range that will fit any installation.
- **Security:** the use of tested quality materials guarantees the security and peace of mind that your guests deserve.
- **Customized finishes:** the different accessories available allow you to configure the safe that best fits your hotel.

## EXO model

Opening via Bluetooth, proximity and numerical code, plus Bluetooth management and maintenance; these are the identifying features of a safe with a high technological DNA.

### CONNECTIVITY

Installation, management and maintenance via Bluetooth with a mobile app controlled by the administrator

#### Installation & management with mobile APP

#### EXO BI-MÁSTER random code

#### OPENING Code | RFID | Bluetooth

#### UNLIMITED AUDIT

### Single-use random master code

The single-use random master code significantly improves the level of hotel security. The app generates an emergency code that is used only once to open the safe it was created for.

OMNITEC, international partner for security and performance

### general characteristics

A safe that guarantees the security of guests' property and gives you the extra convenience of being able to open it with your smartphone, RFID tag or personal numerical code.

### available dimensions
